3. [firefox update](#)

It's easy to install Firefox onto your iPhone, iPad or iPod Here's how to do it.. Ensure all security and security-related software is fully updated Some security software will need to be upgraded to a new version for each Firefox version update.. Optional software bundled with security software may also need updating Such software may not be essential for your security, but if outdated, it may interfere with the use of Firefox, or cause Firefox to crash.

If there is a problem with a Firefox version, most people will try to revert Firefox back to the way it was before and downgrade it, but we do not recommend this action.. Installing a previous version will not help in most cases Instead, see:Note: Other problems can be solved with the Refresh Firefox feature.. The Firefox icon will also appear on your home screen. Table of ContentsProblems with an update are generally not caused by the new version of Firefox, but rather the update process.. When Firefox is finished downloading, the button will appear on its App Store page. [Sun Jfc \(swing For Mac](#)
